

Swayed

The Planet Smashers

Why do you think you get what you want with your wallet
Impossible to move I'm a rock (no-no-no)
If you want my attention,
you had better change your ways start acting kind
(no miss-behaving) and stop pushing around
I won't be swayed I won't be swayed
Gifts are nice and present helps
but your money can't buy my love
no-no-no (no-no-no)
If you want my affection you had better change your ways
(take things easy) send some time (give more freely)
then you'll find the chance increasing of me coming around
I won't be swayed I won't be swayed
I'm not gonna cave in no,
I won't be taken by my wills not breaking I won't be swayed
