Thug For Life

Trick Daddy

I'll be yo' thug for life, my love will drive you crazy
[Incomprehensible] you like you need, baby
Let's slip an' slide together
An' we'll go get this cheese, baby
Hold me close an' I'll always be yo' thug for life
Keep it tight an' I'll always be yo' thug for life
Speak the truth an' I'll always be yo' thug for life
Break the bread an' I'll always be yo' thug for life
No, no, can't nobody get deep in the stomach like I do
An' on top of that get 'cha high to
A nigga know that you liable
Jumpin' out a Chevy on earth, sky blue, lotta nigga try to
Getting ready to kick it for me, to picky for me
Niggas too sticky for me, stickin' with me
You got some nerve, you must think you pot superb
Nigga first tried to hide it, you shot the bird
K-Dog without a mouth full of filthy shit
Mouthin' off, nigga, you would have been killed me, bitch
Don't do shit but want a hundred dollar hairdo
Come here, somethin' I wanna tell you, what?
Oh, don'tcha have a heavy Levi that a slide in dunk?
Never find in the trunk
Where the weed at in the spot with the lump
I can't help but want to rub on them thighs an' the hump
Shot her down in the zone, my love gotcha high an' it's on
I want leave ya down alone or cryin' on the phone
'Cause if ya fed up then grab the chrome, burnin' ya home
I can't take it no mo', tell me what turns you on
Quick to yo' home, stick it in the [Incomprehensible]
Baby, hold me tight
I'll be yo' thug for life, my love will drive you crazy
[Incomprehensible] you like you need, baby
Let's slip an' slide together
An' we'll go get this cheese, baby
Hold me close an' I'll always be yo' thug for life
Keep it tight an' I'll always be yo' thug for life
Speak the truth an' I'll always be yo' thug for life
Break the bread an' I'll always be yo' thug for life
When you really roll with a thug

A young nigga in a big car with a big gun
Ridin' 'round, sittin' on dubs
Smokin' on a fat one, baby, wassup?
I heard you'se lost in love, now I don't see ya much
But I know you ain't lost ya touch
Ever need a paper stake
Wanna get away, just call me up
Hit me on my 984, 4000
Yep, you know the rest, you know right where to go
Right where to come when you want the best
An' I'm on this thug shit, makin' money an' drug shit
An' I ain't with that bullshit
'Cause goddamn it, I love this
Don't you know that you an' me baby
Can get a little close an' stop before your heat, baby
Let me drop dem draws an' give you some of this weed, baby
I really love the way you touch an' suck on me, baby
An' the way you look when you run up in that 380
But do them haters then they actin' real shady
Broke or rich, you still gon' loc with me, baby
Break a nigga off bread when I need some cheese, baby
Tell them niggaz I'm gone be yo' thug for life
My love will drive you crazy
[Incomprehensible] you like you need, baby
Let's slip an' slide together
An' we'll go get this cheese, baby
Hold me close an' I'll always be yo' thug for life
Keep it tight an' I'll always be yo' thug for life
Speak the truth an' I'll always be yo' thug for life
Break the bread an' I'll always be yo' thug for life
