

Sleepwalking Past Hope (Digital Versatile Doom)

Him

I hid the keys to unlock love's heart
To hold you in my sweetest pain and suffering
Everything's unfair in our lust and war
Redemption beyond right and wrong
In our hearts love keeps sweet-talking to despair
And goes on sleepwalking past hope
All is lost in this war
And all we can do is to wail and weep to the saddest song
Sleepwalking past hope
I unlit the light to embrace the dark
To be near but not to turn into you my darling
Forever we're lost in our souls' storm
Reflections of each other's faults
I gave up long ago
Painting love with crimson flow
Ran out of blood and hope
So I paint you no more
