

Full Moon, Dirty Hearts

[INXS](#)

Full moon in a dirty sky
That's all we can hope for, yeah Full moon over dirty hearts
Full moon over dirty hearts Don't be surprised by the way it is
I've broken bones for less, yeah
I took a voyage on the deep blue sea
But I had to swim away, I swam away that day Full moon over dirty hearts
Full moon over dirty hearts I took a voyage, yeah on the deep blue sea
I won't come back now Innocence is what we want
Now even children think that way, yeah Full moon over dirty hearts, yeah
Full moon in a dirty sky
Full moon over dirty hearts
Full moon over dirty hearts I took a voyage, yeah on the deep blue sea
I took a voyage, yeah on the deep blue sea
