Belfry

Lone Justice

Scarred, scourged, tattered
Vessels frayed and frail
The shield of faith is battered
But it will not lie down
To let defeat prevailPounding with a vengeance
Hearts that beat with light
For shining in the distance
A glimpse of the tower
Through the blood and fogBelfry, Belfry
Belfry, ring victory's chimes for us
Belfry, ring victory's chimes for usFrom the coldest mountain
To the deepest brine
Burst the shutters open
And let the glorious sound
Rip apart the skyBelfry, Belfry
Belfry, ring victory's chimes for us
Belfry, ring victory's chimes for usBelfry, Belfry
Belfry, ring victory's chimes for us
Belfry, ring victory's chimes for usBelfry, hope has returned for good
Belfry, ring victory's chimes for usRing it, ring it
Ring it, ring it
Ring it, ring it
Ring it, ring it
Ring it
