

Let the Music Play (feat. Ginger Minj)

[RuPaul](#)

What a melody, a simple tune
And the lyrics read like me and you
It's a story of a real true blue
How we came undone and faded from view But it wasn't for long, cause our love was never broken
Everything that went wrong went right, out into the open
All the words to our song sound like, sounded like a duet
Like a duet, sounded like a duet
Sounded like a duet [Chorus 2x]
Raise your glass let's make a toast
Friends forever, solid gold
Back together like it was before
Stronger than ever and there ain't no more
Just say, eh
So let the music play There are things I learned, there were things I tried
But we still got burned when the music died
An empty place, never felt like home
No one by my side, I was out there on my own But it wasn't for long, cause our love was never broken
Everything that went wrong went right, out into the open
All the words to our song sound like, sounded like a duet
Like a duet, sounded like a duet
Sounded like a duet [Chorus 4x]
