Ammie

Neotnas

Another deception
Secrets can burn holes in your
Pocketwatch
The ash burn your hand

I've been sleeping in your quarters again
I've forgotten who I am

Another decision
Keep turning the lights out
Until the moon
Begins to shine again

I've been sleeping in your quarters again
I've forgotten who I am

I've been sleeping in your quarters again
I've forgotten who I am

Another incision
Cut into my heart again
Bleed it there
The scars beyond repair

I've been sleeping in your quarters again
I've forgotten who I am
