The Water Song

Kopek

I can't wait till tomorrow
I can't wait till next week
I can't wait five minutes
I can hardly sleep
Something in the water
In the way it move
Something in our daughters
That we have to prove

Since when was I'm not enough to stop the bruises
From showing and hurting
Just hold on, we'll get through this
The rain keeps on pouring
The water is soaking through
And I'm sinking into you

I'm going to feel these oceans
I'm going to blow this breeze
I'm going to spill this potion
As far as the eye can see
I'm going to burn this city
I'm going to sow this seed
I'm going to bring down buildings
Back down to the street

Since when was I'm not enough to stop the bruises
From showing and hurting
Just hold on, we'll get through this
The rain keeps on pouring
The water is soaking through
And I'm sinking into you

Since when was I'm not enough to stop the bruises
From showing and hurting
Just hold on, we'll get through this
The rain keeps on pouring
The water is soaking through
And I'm sinking into you
