

# Parting Gift

## Man Overboard

You make me faint but you are worth it,  
I'll walk you home if you ask it,  
It's such a shame that she never took the blame,  
She's never coming round to me..You step on your cigarette,  
Little Lights you deserve it,  
Who's to blame that she's never coming back?  
She's never coming back,  
To me,Please come back around to me before I drown,  
This is my parting gift for you,  
This is my last chance to be true,  
Before I get older,  
Before you get olderThis is my parting gift for you,  
This is my last chance to be true,  
Before I get older,  
Before you get older,This is my parting gift to you,  
This is my last chance to be true,  
Before I get older,  
Before you get older,  
And I drown...
