

# Runaground

Dave House

For every woman you will leave an open door  
You find yourself thinking why can't I have more?  
You say there's nothing you can do  
You tried your best, but you were only being you Oh, no, she's gone  
Back wherever she came from  
You watched her go  
Your reaction is far too slow Runaground, runaground, runaground You don't know what you've got until you've  
lost it all  
Might I suggest you find a softer place to fall  
You take for granted all the riches of your world  
You may have oysters, but you'll never find a pearl Oh, no, she's gone  
Back wherever she came from  
You watched her go  
Your reaction is far too slow Oh, no, she's gone  
Back wherever she came from  
You watched her go  
Your reaction is far too slow Runaground, runaground, runaground  
Runaground, runaground, runaground She's moving on, the love has gone  
You left the door wide open  
She's moving on, the just has gone  
This anger's felt, not spoken It got too old, was too controlled  
Could have gone on forever  
The love has gone, she's moving on  
When she said now you never Runaground, runaground, runaground  
Runaground, runaground, runaground  
Runaground, runaground, runaground  
Runaground, runaground, runaground Oh, no
