# Ever

## Open Heaven

Ever faithful, ever true,
You will always see me through,
Ever present, always kind,
Healer of this heart of mine.
Ooh, I want You,
Ooh, I need You!

The only thing I've ever needed,
And even more than this breath I'm breathing,
The only thing I've ever needed,
And all I want is found in You, Jesus!

Ever constant, ever fair,
Never failing, always there,
Ever loving, always good,
All my problems You understood!
Ooh, I want You,
Ooh, I need You!

The only thing I've ever needed,
And even more than this breath I'm breathing,
The only thing I've ever needed,
And all I want is found in You, Jesus!

Ever I'm free, ever I'm found in Your love!
Ever I'm changed, never the same in You, God!

The only thing I've ever needed,
And even more than this breath I'm breathing,
The only thing I've ever needed,
And all I want is found in You, Jesus!

Ever I'm free, ever I'm found in Your love!
Ever I'm changed, never the same in You, God!
