

# King of the Ottawa City Cowboys #1

## Paul Henry Dallaire

King of the Ottawa city Cowboys song

I'm the king of the Ottawa city Cowboys  
I ride the electric Bull  
My Horse is parked at a metered stall  
and thrives on Texaco fuel

I play my guitar my harp beat my drum  
even moan you a sad country tune  
And I sing for all the Lady's  
at the Raceway Tavern Saloon

Verses:

All day I work for the man on the hill  
in a three piece suit and a tie  
But tonite I'm goin to change all of this  
climb into my M.G. and ride

I've mastered all the new country disco techniques  
in a way that you've never seen  
By day I work by night I play  
in my sexy skin tight blue jeans

I toast y'all concrete city Cowboys  
the hard workin beer drinkin kind  
May the Landlord give you a credit  
for what you drink here you do leave behind (Always peeing in the can )

And to all you Gals at the bar stools  
don't pay that Ol Cowboy no mind  
For when a Cowboy is sad it's not half as bad  
he'll do a computer game one more time
