

# Burn the Barn

## Big Country Bluegrass

BURN THE BARN - BIG COUNTRY BLUEGRASS

1.

Tonight we're coming to your town

Gonna fire up that bluegrass sound

Gonna tune the old banjo

Play that Scruggs and Bill Monroe

Cause tonight we're burning down the barn.

CHORUS:

Burn the barn, burn the barn

Tonight we'll burn down the barn

We're gonna sing, we're gonna play

Gonna dance the night away

Cause tonight we're burning down the barn.

- BREAK - [Mandolin and Fiddle]

2.

We'll ride the bluegrass express

Pick and sing all the songs we love the best

Play some 'Smoke Along The Tracks'

Ride the rails and don't look back

Cause tonight we're burning down the barn.

CHORUS

- BREAK -

3.

So lay your worry tunes on down

Let your troubles fall like ashes on the ground

Pat you feet and sing along

Gonna play a bluegrass song

Cause tonight we're burning down the barn

CHORUS

- BREAK - [Banjo]

CHORUS

TAG:

We'll rip it up and turn it up

And raise it to the ground

And stay until the morning comes around

- End - [Fiddle]
