

Dangerous Ground

Crush 40

It's time to get ready to go (Ready to go)
It's time to party there again
We can go for it all (For it all)
We know you think we're crazy
We're rock dangerous ground but once we start
We can never ever stop

We've been fool these times (Fool these times)
We gonna set our hearts on fire
We gonna push for the top (For the top)

We'll show u how to play the game
Watch out I bet it's true
Step back to you
it's our turn to fly
It's time to get ready to go (Ready to go)
It's time to party there again yeah
We can go for it all (For it all)
We know u think we're crazy

We rock dangerous ground but once we start we can never ever ever ever stop
