

The Wind Blew Cold (Tomi Lunsford cover)

Hank Williams III

Well, I was standing on a corner at the ... in Nashville, North Carolina
Waiting for a woman that was putting me down, leaving me way behind
And the wind was cold, the wind blew cold
I walked around the corner to have a cup or coffee
And I met a buddy instead
...cross the river...and the moose near out of my head
And the wind was cold, the wind blew coldI can't forget, that lonesome day
Nothing seemed to go my way
I got put down, by the woman I love
And the wind blew cold lord, the wind blew coldStarted walking and I ...across the Hotspring Mountains
And the Knoxville Tennessee
I hear ...train, ...cold wind blowing
And no one talking to me
And the wind was cold, the wind blew cold
A couple of fellows and a ...truck moving
Took me to the Tennessee line
We got to talking and drinking over troubles
On a bottle of ... wine
And the wind was cold, the wind blew coldI can't forget, that lonesome day
Nothing seemed to go my way
I got put down, by the woman I love
And the wind blew cold lord, the wind blew cold
And the wind blew cold lord, lord, the wind blew cold.
