

# Big Goodbye

## Great White

Hey, hey, baby  
No more lies  
Hey, hey, baby  
This is the big goodbye Remember baby  
Dreams we shared  
We ran with crazies  
Lived on solid air Do you remember lady  
Who you used to be  
Did you become the stranger  
Baby you or me I guess you were just tryin'  
To keep a love alive  
But baby all your lyin'  
Just took it for a ride A man of constant sorrow  
Under an evil eye  
Oh baby when it's over  
The truth is first to die Oh, I believe in magic  
Fire that binds a band  
Baby there's no magic  
In hidin' sleight of hand I guess that I was tryin'  
To keep myself alive  
But then there's no denyin'  
I was losin' all my pride Hey, hey, baby  
No more lies  
Hey, hey, baby  
This is the big goodbye Hey, hey, baby  
No more lies  
Hey, hey, baby  
This is the big goodbye I guess you were just tryin'  
To buy some piece of mind  
But baby there's no buyin'  
Eyesight for the blind Hey, hey, baby  
No more lies  
Hey, hey, baby  
This is the big goodbye Hey, hey, baby  
No more lies  
Hey, hey, baby  
This is the big goodbye Hey, hey, baby  
No more lies  
Hey, hey, baby

This is the big goodbye
