## Future of the Left

stand and count the holidays or do their will unbidden  
leave your stomach in your shoe i told you that you shouldn't  
stick to cat and feral forms and maybe you'll be driven  
into a state of anarchy i told you that you wasn'tit's still a sure way to make a best friend  
approvalgenevieve  
at the tender age of seventy  
got a first in para-psychology  
from a real life university  
which was never there  
anyway  
if the ottoman empire wanted her  
she would welcome it in her fairness  
she would welcome it in the sureness  
she would warm to itwould have been would have been  
should have been should have been secured  
(a shame)shame, rattle and rolli swear  
nobody  
nobody is  
appealing
