My Work Is Done

Steve Von Till

Im comin undone before i'm feelin' all the rage
Im lettin the lions and the tigers out of the cage ahaCause Im free
Ive got time to kill
Im on a rampage
Im out of the big street, Ive been victiming for days
Im lookin all rich, Im feelin all robbed
Just get me great ahaCause Im free
I need time to kill
Hey Im on a rampage
I wanna workWhat makes lazy like a stiff Ive got to do just for fun
Hey I dont wanna work just give me the money
As if I had a gun on me
Cause my work is done!
Yea my work is done
My work is doneIm out of my cave, Im into the rain
Im ready to play
Get off the ropes and off the rails again
Game up uhYea Im free
I make time to kill
Hey Im on a rampage
Im out of the big street, Ive been victiming for days
Im lettin the lions and the tigers out of the cage aha
Cause Im free
I need time to kill
Hey Im on a rampage
I wanna workWhat makes me lazy like the stuff I could be doin for fun
Hey I dont wanna work just give me the money
Theres a fire that burns all day
Cause my work is done
Yea my work is done
My work is done
My work is doneOh
What?
NoDont ask me cause Im busy with a higher skill
Yea, Ive got a life
It could be crazy when get this creature out the cage
So stand back alright
Alright alright alright Ill workWhat makes lazy like a stiff Ive got to do just for fun
Hey I dont wanna work just give me the money

As if I had a gun on me
Cause my work is done!
Yea my work is done
My work is done
My work is done
My work is done
