

# Wish You Wouldn't

NF

We gotta talk about things  
We gotta do something different  
Cause this isn't working, this isn't working  
I don't, I don't know if I can do this  
Riding 'round in the city, babe  
I know you wish you could change me  
Why you mad? Girl, why you angry?  
Yeah, why you angry?  
Back and forth, you love you hate me  
Arguing about the same things  
I don't, I don't know if I can do this  
I don't, I don't know anymore, baby I don't know anymore

I wish you didn't say things, I wish you didn't say things  
That you don't mean, that you don't mean  
I wish you didn't say things, I wish you didn't say things  
That you don't mean, that you don't mean

Yeah, I mean she wants somebody that's working a 9-5  
I apologise but those ain't my hours, you ain't never been with a man  
Who's working this kinda job, who works for this kind of drive, I wouldn't be with me either  
Hold up, yeah I think that's work on the other line, I gotta go, we can argue some another time  
Hand up the phone, I regret it right after  
This is the chance that I couldn't just pass up  
See I signed a deal, you say that I should've asked ya  
I guess I was scared to see how you reacted  
And maybe I knew I'd be selfish  
These are the things I ain't proud of  
I'm always the type to get jealous, there's always two sides to the story  
And you're not the one that I blame when I tell it, that's real, yeah  
You ain't the one, you ain't the one  
I mean I should've manned up and that's hard to say as a man  
The older I get the more I understand a relationship's more than just holding her hand  
I'm sorry, you can blame me, yeah, you can blame me

I wish you didn't say things, I wish you didn't say things  
That you don't mean, that you don't mean  
I wish you didn't say things, I wish you didn't say things

That you don't mean, that you don't mean

What's going on?

I just wanna feel something, I just wanna feel something

There's too many things I'm tryna deal with

And I understand that you don't feel this

I said there's too many things I'm tryna deal with

And I understand I'm hurting your feelings

I know you don't feel this, yeah

I'm just expressing the way that I'm feeling

The things that I'm trying to deal with

I guess I've been trying to hold it all inside

But it's obvious that ain't working

Yeah it's obvious that ain't working

The only thing we got in common

Is that we got nothing in common, baby
