

# Paradise

## Chiquita y chatarra

[Verse 1]How long you gonna make me wait

    Tell me what it's gonna take

Boy you got that thing I really need

    Baby give me a clue

    Now I leave it up to you

    Let's keep it on the low

    Boy you put your trust in me

They don't need to know the truth

    The way I feel for you

So watcha gonna do when my love is here for you?

[Chorus]Paradise

    That's where I am

    When I make love to you

    Boy you take me there

    This I swear

    Paradise

    When you touch me

    In the places you do

    I can't wait no more

    Take me there tonight

[Verse 2]Won't you make up your mind

    Thought about a thousand times

    Tell me what to do to make you mine

    I think about you every day

    Thoughts of you won't go away

    Let's keep it on the low

    Boy you put your trust in me

They don't need to know the truth

    The way I feel for you

So watcha gonna do when my love is here for you?

[Chorus]Paradise

    That's where I am

    When I make love to you

    Boy you take me there

    This I swear

    Paradise

    When you touch me

    In the places you do

I can't wait no more  
Take me there tonight  
[C-part]It's time to tell the truth  
It's time that you confess  
Be honest with me baby  
I know you're feeling this  
Do you need for me  
Like I feel for you  
Tell it to me baby  
So whatcha gonna do

[TQ]Wait a minute, ma, let me let you know what i'm in to  
To know where I'm going  
Gotta know what I've been trough  
Hustler  
Never been the type to sweat you

But I must admit you're looking good in your jeans, boo  
Can we rendez-vous at the hotel around noon?  
Can you keep a secret 'bout the things that we do?  
If you can we can go to paradise, boo  
Me and you  
Me and you  
Me and you

[Chorus]Paradise  
That's where I am  
When I make love to you  
Boy you take me there  
This I swear  
Paradise  
When you touch me  
In the places you do  
I can't wait no more  
Take me there tonight
