

Walk With Me (feat. KUÄŒKA)

Cosmo's Midnight

I've known you since I was young basically
Put together a knew me differently
It's only when I fell to pieces, but
We have moved on from that
Now the past and future weave together
Easy times that I barely remember
Wishing that our choices live forever
Cause I understand you better now
I just got a text from you, boy
Told me that you're waiting outside
Don't think you're around for goodbye
It felt like I went back in time
I just got a text from you, boy
Told me that you're waiting outside
Don't think you're around for goodbye
It felt like I went back in time
Realize our similarities
Similar opinions and beliefs
Boy you kept me waiting, slow release
Thought you had changed your mind
Distance had made me wish we'd stayed together
Put on a new style
Cause I never liked it at the time
I just remembered
But I understand you better now
I just got a text from you, boy
Told me that you're waiting outside
Don't think you're around for goodbye
It felt like I went back in time
I just got a text from you, boy
Told me that you're waiting outside
Don't think you're around for goodbye
It felt like I went back in time
I understand you better now (oh-oh)
Still get under my skin somehow
Bring me back reminding me of your different way of seeing things
Like those stupid mistakes that I chose to regret by breathing insecurities
I just got a text from you, boy
Told me that you're waiting outside

Don't think you're around for goodbye
It felt like I went back in time
I just got a text from you, boy
Told me that you're waiting outside
Don't think you're around for goodbye
It felt like I went back in time
I just got a text from you, boy
Told me that you're waiting outside
Don't think you're around for goodbye
It felt like I went back in time
