Holdin On

The Todd Terry Project

The day's reality around the bend
Pain and misery my only friend
I raise a toast and I salute the end
Six feet in the ground is where the livin' begins
Livin' begins my friendI got to get on with livin' or get the hell on with dyin'
Shove a million dollars in my pocket but there ain't no pacifyin' meAnyone can see what's happenin' to me
My life's out of reach of my arms but I'm holdin' on
I'm livin' in a dream and no one hears me scream
I'm breakin' at the seams of the life but I'm holdin' on
Holdin' on
Holdin' onI've created a world that is devoid of love
I'm prayin' to God and up to Heaven above
My heart and my soul, have turned to push and shove
And it's enough to kill me but it's never enough
It's never enough my friendI got to get on with livin' or get the hell on with dyin'
Shove a million dollars in my pocket but there ain't no pacifyin' meAnyone can see what's happenin' to me
My life's out of reach of my arms but I'm holdin' on
I'm livin' in a dream and no one hears me scream
I'm breakin' at the seams of the life but I'm holdin' on
Holdin' on
Holdin' onAnyone can see what's happenin' to me
My life's out of reach of my arms but I'm holdin' on
I'm livin' in a dream and no one hears me scream
I'm breakin' at the seams of the life but I'm holdin' onAnyone can see what's happenin' to me
My life's out of reach of my arms but I'm holdin' on
I'm livin' in a dream and no one hears me screamin'
I'm breakin' at the seams of the life but I'm holdin' on
Holdin' on
Holdin' on
