## The Electric Grandmother

Everything here, close to me  
Is just the way I want it to be  
It's all about faith, it's all about trust  
All about luck, not about lust  
My wish comes true  
My wish comes trueI don't mind showing for you  
I reveal everything for you  
Just about anythingCould it be night, could it be day  
Floating in space I was drifting away  
You're making me warm, you're making me high  
I feel like laughing where I used to cry  
My wish comes true  
My dream comes trueI don't mind showing for you  
I reveal everything for you  
Just about anything for you  
I reveal everything for you  
Just about anything for you  
I reveal everything for you  
Just about anything for you  
Everything for you  
Anything for you
