Anybody Wanna Party?

Gloria Gaynor

Ah, party, party
Ah, party, party
Ah, party, partyLove, sweet love, won't you be good to me?
You could set me free, come on, set me free
We could dance 'neath the pale moonlight
Feeling good tonight, feeling good tonightPlease somebody's got to get me to the action
Some satisfaction is what I've been searching for
Got to find myself a happy situation
Some celebration, somebody who calls for moreAnybody wanna party down tonight?
Anybody wanna party, anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party, anybody wanna party?
Hey hey, get downIt'd be nice to realize a little romance
I could dig some slow dance, I could dig some girl-meets-boy
Can't put too much time in searching for some reason
Must be the season for doin' that jump for joyAnybody wanna party down tonight?
Anybody wanna party, anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party, anybody wanna party?Love, sweet love, won't you be good to me?
You could set me free, come on, set me free
We could dance 'neath the pale moonlight
Feeling good tonight, feeling good tonightI'm a person with a passion for some livin'
Can't help givin' my body a real good time
I'm a sucker for the music and the laughter
I know right after that lovin' is soon sublimeAnybody wanna party down tonight?
Anybody wanna party, anybody wanna party?
Anybody wanna party down tonight?
Anybody wanna party, anybody wanna party?Hey, get down
Anybody wanna party
(Get down, get down, get down, get down)
Get down, anybody wanna party
(Get down, get down, get down, get down)Anybody wanna party down tonight
(Anybody)
Anybody wanna party, anybody wanna party?
Anybody wanna party down tonight?
