

Upside Down

OFF!

You wonder why I'm always screaming
You wonder why I talk so loud
You want me in your inner circle
You're turning me inside out
You turned me inside out
You wonder why I'm always shouting
You wonder why I gotta yell
You ask me why I don't hang out
'Cause you turned this into a livin' hell
You look at me like I'm off my rocker
And why I fear this goddamn frown
Now it's time to screw your ego
'Cause you turned mine upside down
You turned mine upside down
Upside down
