

Summers Over Interlude

Drake

Oh, baby (Oh baby) Days in the sun
And nights in the rain
Summer is over, simple and plain
I found me some fun that's good for the pain
I already told you, I don't feel the same
I don't feel the same Anywhere I go
I can't help but show
I don't feel the same
Anywhere I go
I can't help but know
(I don't feel the same)
(Anywhere I go
I can't help but know)
