

# Bury Our Love

## Jacob Whitesides

I was old before I was young  
I lost my trust before the morning sun  
Then you came around  
You taught me how  
To bury our love at the bottom of the river  
You caught me dead  
Brought me to life  
Dug me out of my grave  
Kept our lust disguised  
Bonnie and Clyde  
More like bonnie and tried  
To bury our love at the bottom of the river  
Cuz I beg for you, lie for you, and if it comes to it I'd die for you  
Kill for you, steal for you, getaway car hold the wheel for you  
Tonight it's time to bury our love at the bottom of the river  
The saying goes, "Only the good die young"  
We're far from old  
We're far from done  
You got me high, you know that's why  
Gonna bury our love at the bottom of the river  
Cuz I beg for you, lie for you, and if it comes to it I'd die for you  
Kill for you, steal for you, getaway car hold the wheel for you  
Tonight it's time to bury our love at the bottom of the river  
Lets runaway runaway runaway  
And hideaway from everything  
Lets runaway runaway runaway  
And hideaway from everything  
Lets runaway runaway runaway  
And hide  
Cuz I beg for you, lie for you, and if it comes to it I'd die for you  
Kill for you, steal for you, getaway car hold the wheel for you  
Tonight it's time  
Cuz I beg for you, lie for you, and if it comes to it I'd die for you  
Kill for you, steal for you, getaway car hold the wheel for you  
Tonight it's time to bury our love at the bottom of the river
