

On My Cloud

Olly Murs

Love is moving faster but I'm taking my time
I'm gonna be there when I get there
You just follow the signs
I'm making something out of nothing
And if you want a ride
Get your self together
And we'll leave the world behind
Get up, get on my cloud
Lift your feet right off the ground
Nothing gonna stand in our way (Oh)
Get up, get on my cloud
I'm not gonna let you down
Let's make it happen today
I've be busy doing nothing
And it's starting to show
But let's turn nothing into something
I can't do it alone
So if you wanna make it happen
And you got time to kill
Get your self together
And we'll leave it all behind
Get up, get on my cloud
Lift your feet right off the ground
Nothing gonna stand in our way (Oh)
Get up, get on my cloud
I'm not gonna let you down
Let's make it happen today
Can we just float away
I've got a plan to make you stay
I know you feel the same
Get your self together
Leave the world behind
Get up, get on my cloud
Lift your feet right off the ground
Nothing gonna stand in our way (Oh)
Get up, get on my cloud
I'm not gonna let you down
Let's make it happen today
Get up, get on my cloud
Get up, get on my cloud (Yeah)
Get up, get on my cloud
Get up, get on my cloud
Let's make it happen today
