

# Booty

## Sevens

Your booty might be bigga  
But I still can pull your nigga  
    But I don't want him  
    Ya got sugar on your pita  
    But ya nigga thinks I'm sweeter  
But I don't want himYa know the whole encyclopedia  
    But ya nigga thinks I'm deeper  
    But I don't want him  
    Got a whole lot a junk off in ya trunk  
    But ya nigga think I'm live and I keep him crunk  
    I don't want himHey, hey, hey  
    I don't want him cause of what he doing to you  
        And you don't need him  
        'Cause he ain't ready  
        See I don't want him  
        If he ain't made no arrangement with you  
I hope you would've done the same thing for me tooYour kisses might be wetter  
    But your nigga likes mine better  
    But I don't want him  
    Ya got the beans and rice and the hot ho cakes  
    But ya nigga still over here in my plate  
        I don't want him  
        Ya got a P.hd, magna cum laude  
        But ya nigga love me with a GED  
        I don't want him  
        You the one with all the money  
        And he knows my money's funny  
        But I don't want himHey, hey, hey  
        I don't want him  
        'Cause of what he doing to you  
        And you don't need him  
Cause the boy ain't readyGot ya pad all decked out fa sho  
    But ya niggas at my door, thought  
        I don't want him  
        Well you can do the butterfly and the tootsie roll  
        But ya nigga straight sprung off the way I stroll  
            I don't want him  
            Ya know the whole 120 an' a plus degree  
            But you can't keep ya guy up off his knees

I don't want him  
Got a 9-5 and a 6-10  
But ya nigga told me not to work again  
I don't want himHey, hey, hey  
I don't want him  
'Cause of what he doing to you  
And you don't need him  
'Cause he ain't readyHey, hey, hey  
I don't want him  
If he ain't made no arrangement with you  
I hope you would've done the same thing for me too
