

# 10 Miles High

## Nine Inch Nails

I'm getting closer  
I'm getting closer  
I'm getting closer  
I'm getting closer  
All the time I'm getting closer  
I'm getting closer  
All the time  
I'm getting closer  
I'm getting closer  
All the time I'm getting closer  
I'm getting closer  
I'm getting closer  
I'm getting closer  
I'm getting closer I tried to get so high  
I made it 10 miles high  
I'm gonna get so high I'm gonna get so high  
You'll never get inside  
I swore I'd never turn into you I'm going to all the time  
I made it 10 miles high  
If you're not truthful I'm not a lie  
I swore to God I would never turn into you I'm getting closer  
All the time
