Lean Into It

[Little Big Town](#)

These days are filled with trouble
And the nights feel like they're all getting longer
These days are dark and grey
Like that storm rolling in across the water[Chorus]There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just gotta lean into itThis ain't where I thought I'd be
If I could I'd stop it now and I'd rewind it
But this ain't where I'm gonna fall
If there's a way to fight
I know I'm gonna find it[Chorus]There's a strong wind blowing
I push on it pushes back
It's a hard time
But I know I'll get through it
Just gotta lean into it
Just gotta lean into itI keep going even though[Repeat Chorus]
