One Love

Little Jackie

This romance has become
Undone, no fun
Finito, I must go
Even though I don't knowHow do you change the weather?
How do you stop the inevitable?Get gone, be out
Roll out, peace out
Get up and bounce
Bounce, bounce, goodbyeI'm out, so long
Peace out, be strong
Stay blessed, blessed
From up above, one lovePlease let me explain
Cause I know you're in pain
My love, I cannot fake
It's simple and so plainI find it very hard to maintain
If he starts crawlin'
Through my brain, so I gottaGet gone, be out
Roll out, peace out
Get up and bounce
Bounce, bounce, goodbyeI'm out, so long
Peace out, be strong
Stay blessed, blessed
From up above, one love
Yo, I could do betterBaby, I'm leavin, see you, bye, bye
I can't stand to see you cry
I cashed in all my frequent flyer
Miles to get me in the skyThis ain't a bitch move
I gotta make moves
I gotta do me before I get did
Live it up before I settle down
And have a kid, and not say
I'm on some other shit, wishin I'd splitGet gone, be out
Roll out, peace out
Get up and bounce
Bounce, bounce, goodbyeGet gone, be out
Roll out, peace out
Get up and bounce
Bounce, bounce, goodbyeI'm out, so long
Peace out, be strong
Stay blessed, blessed

From up above, one love
