## Let It Roll (Live At the Roundhouse)

## **UFO**

Cold run speed highway was the place where we'd all go
When our nerves were razor sharp, and we'd all let it roll
Let it roll, let it roll, let it rollOur machine's geared up, and we're really layin' it down, layin' it out
Let it goWhen these wheels get rollin', let them roll right over you
'Cause I'm well greased down, and I'll always win it through
Let it roll, let it roll, let it rollMachine's geared up, and we're really layin' it down, layin' it out
Let it rollCold run speed highway was the place where we'd all go
When our nerves were razor sharp and we'd all let it roll
Let it roll, let it roll, let it rollMachine's geared up, and we're really layin' it down, layin' it out
Let it roll
