

Pick Yourself Up

KJ-52

[Chorus]

You gotta pick yourself up

You gotta pick yourself up

You gotta pick yourself up

If ya fall down, get yourself up[KJ-52]

What are you dealin wit, what are you goin through

Are you feelin like you'll never make it through

Well is there something in your past that still troubles you

Well I been there too and this is what I'll say to you

See God will forgive everytime that you ask Him too

There ain't a thing too big now that He can't do

He gots a lot of love to give, its right here for you

But are you gonna take it now, that is up to you

Do you know that you can carry on

Anything that you are goin through

don't you know that He'll get ya through but you...[Chorus][KJ-52]

Now did ya mess up and do somethin ya not supposed to

Now everybody they pointin the finger jus tryin to blame you

Now quick did ya forget how much He really loves you?

Do you realize right, how much He's thinkin of ya

No matter what ya did, no matter where ya been

You can start again, you can get a second chance again

There's no sin too small or ever jus to big for Him

You can pick yourself up and you can live again[B Section][Chorus][Bridge]

Its gonna be alright

c'mon now dry your eyes

He's gonna hold ya tight

And never gonna leave your side[Chorus]
