In Fortune's Hand

Clannad

Tell me, would you please this place is a squeeze
Your guess is good as mine
Sell me other dreams, oh the summer's here
You know we're goin' down the line
You know we're goin' down the lineTakin' all the pieces in the situation
Hopin' we can work it out
With faith on your side, luck and some pride
You are on the right line
It'll be a sure sign(Ooo oo ooo)
In fortune's hands
(Ooo oo ooo)
Where do we stand?
(Ooo oo ooo)
In fortune's handsThere isn't a noble or a humble person
Who isn't up or down a while
Caution to the wind, leave your cares behind
You know we're goin' down the line
You know we're goin' down the lineTell me if you please, this place is a squeeze
Your guess is as good as mine
Sell me other dreams, 'cause the summer's here
You know we're goin' down the line
You know we're goin' down the line(Ooo oo ooo)
In fortune's hands
(Ooo oo ooo)
Where do we stand?
(Ooo oo ooo)
In fortune's handsIn fortune's hand
In fortune's hand
In fortune's hand
