Among the Weirdcong

Sodom

Seems like dead men want to leave their graves
Point to anything they love to hate
Broken skulls reflection all around
Execution, blood beneath the wallsAggressive jungle war
Breaking through the lines
Slaughter
According to your evil ritesYour death will be methodic
Gonna lose my way among the weirdcong
Machine gun fire chain reaction
Shredded brains among the weirdcongAmong the weirdcong
Among the weirdcongAntipathy to the gloating face
Ddissection 'til your soul will leave again
Impact shock absorbs my energy
Bullets cutting through the rotten meatAggressive jungle war
Breaking through the lines
Slaughter
According to your evil ritesYour death will be methodic
Gonna lose my way among the weirdcong
Machine gun fire chain reaction
Shredded brains among the weirdcongAmong the weirdcong
Among the weirdcongYour death will be methodic
Gonna lose my way among the weirdcong
Machine gun fire chain reaction
Shredded brains among the weirdcongEmotions died, extinguished deep inside
Impurity made blood turns into wine
When I saw my friends impaled to death
Dishonored and condemned their strengthAggressive jungle war
Breaking through the lines
Slaughter
According to your evil ritesYour death will be methodic
Gonna lose my way among the weirdcong
Machine gun fire chain reaction
Shredded brains among the weirdcongAmong the weirdcong
Among the weirdcong
Among the weirdcong
Among the weirdcong
Among the weirdcong
