

Turn It Up

Ted Nugent

Advisory - the following lyrics contain explicit language:

(Instrumental Interlude)Hey good lookin'
What you got cookin'
I need it on a Saturday nightDon't know if I fall
In a rock n' roll hall
That sound is just what I likeSo turn it up, turn it up, make it louder than hell
Turn it up, turn it up, make it ring like a bellI know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louderOh my god lock and load
The stage is like a wall of sound
what I need
To help blow the walls downTurn it up, turn it up, make it louder than hell
Turn it up, turn it up, make it ring like a bellI know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder, louder, yeah(Instrumental Interlude)Oh my god lock and load
The stage is like a wall of sound
what I need
To help blow the walls downTurn it up turn it up make it louder than hell
turn it up turn it up make it ring like a bell
I know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder, louder, yeah(Instrumental Interlude)So, turn it up, turn it up,
make it louder than hell
Turn it up, turn it up, make it ring like a bell
I know what I like
I got to turn it up tonight
Turn it up, turn it up, turn it up, louder, louder, louder, yeah(Instrumental Interlude)Yeah, yeah
Yeah, yeah
Yeah, yeah
Yeah.....
