

Four Cornered Room

War

Zoom zoom zoom
Zoom zoom zoom, zoom zoom zoom
Zoom zoom zoom
Zoom zoom zoom, zoom zoom zoomAs I sit in my four cornered room
As I sit in my four cornered roomI knew we met each other this morning for a reason
Thinking, talking, we've worked out our problems
Looked like we should have better days in front
Just because we took our time to think and talk
For a much better understandingAs I sit in my four cornered room
As I sit in my four cornered room
As I sit in my four cornered room
As I sit in my four cornered roomAs we sit here in my four cornered room
I can feel all y'all's deepest emotions
I know I can't talk right
But I'm feeling something in the depths of my soulI can understand where you're coming from
Y'all coming from my four cornered room
That four cornered room, y'all
