

# Lifeboats

## Soft Swells

Hold on, hold on  
Let me get the words out before I burst  
There's no truth at all  
Poking at the giant eyes of ancient Gods  
Cool heads have failed  
Now it's time for me to have my turn  
Kiss me, kiss me  
Life is way too short to scream and shout  
Flashed up in my wildest dreams the dark red blood streams  
Stretching out like vast cracked ice  
The veins of you, the veins of me like great forest trees  
Pushing through and on and in  
Gliding like a satellite in the broken night  
And when I wake you're there, I'm saved  
Your love is life piled tight and high, set against the sky  
That seems to balance on it's own  
Sing out, sing out  
The silence only eats us from the inside up  
I meant no harm  
But I only get to say these words too late  
Wake up, wake up  
Sleeping only leads to more and more nightmares  
Snap out of it  
You said it in a way that showed you really cared  
Flashed up in my wildest dreams the dark red blood streams  
Stretching out like vast cracked ice  
The veins of you, the veins of me like great forest trees  
Pushing through and on and in  
Gliding like a satellite in the broken night  
And when I wake you're there, I'm saved  
Your love is life piled tight and high set against the sky  
That seems to balance on it's own  
Send your lifeboats out for me  
Send your lifeboat out  
Send your lifeboats out for me  
Send your lifeboat out  
Send your lifeboats out for me  
Send your lifeboat out  
Send your lifeboats out for me

Send your lifeboat out
