

Different Worlds

[Jes Hudak](#)

I've been out on the ocean
Sailing alone, traveling nowhere
and you've been running on hard ground
With just you around
Your heartbeat's the only sound But I know, once in a while we will find
The sound of your heart beats with mine
And when it's time
I'll leave the ocean behind So I'll look out for a lighthouse
See through the fog, Search the horizon
You'll be like in a movie
Where everything stops; You can see clearly now But I know, once in a while we will find
The sound of your heart beats with mine
And when it's time
I'll leave the ocean behind
Oooooooooohhh
I'll leave the ocean behind
Oooooooooohhhh
