Yeah. let me get on of those big mother fuckers and shit in here.
You know what I'm sayin'?
I'm back in this bitch!
Just like Ice-T, you mother fuckers should've killed me last year!
In the house with my mother fucking brother Esham,

The symptoms of insanity got me goin' psycho,

Slide a rusty razor across your throat then I stick it.
Shit goddamn, goddamn shit,
Suck my dick when the heater go click.
And by the way, fuck you man.
Goddamn, you better murder the man. You betta murder the man, you betta, Red Rum, Red Rum(2x)
You betta murder the man
You betta murder the man, you betta, Red Rum, Red Rum(2x) You betta murder me man, before some nigga get
hurt,
Let a nun suck my dick in the back of a church.
Another one bites the dirt, when I put in work,
Shit, you talkin' to a expert.
The tazmanian devil, black devil,
That devil you don't know, and don't wanna know.
'cause I'm kinda like a head hunter jack choppin' off,
And I'm gonna black, you know I wore the
