

# Zoomin' Zoomin'

Becky G

Slow down, ain't zoomin' zoomin'  
Slow down, ain't no zoomin' zoomin'  
Slow down, ain't no zoomin' zoomin'  
Slow down, ain't no zoomin' no zoom  
Hey You can win my love, but there's a trick though  
Come figure me out, I can't give you a tip though  
There's be no dreamy eyes, I don't fall for hypno  
Here goes a hit I keep it simple, I'm no symph though  
These boys been tripping chasing back to kiss they lips  
They send me texts, send me pics, they think they slick though  
Some send me flower and some I just act like sickos  
Wanna win it wait a minute If you act nice you get it  
If you right can get it  
If you want my love betta win it  
If you want my love betta win it  
If you all lies then forget it  
If you uptight then forget it  
If you want my love better win it  
If you want my love better win it  
Wait a minute, wait a minute Slow down, ain't zoomin' zoomin'  
Slow down, ain't no zoomin' zoomin'  
Slow down, ain't no zoomin' zoomin'  
Slow down, ain't no zoomin' no zoom  
Hey All these boys I call them actors winning oscars  
They say they love us but they actually importers  
Don't want no player, that's why I fired my roster  
I told my mans, of the future that he gotta be, be  
My prince charming, kinda gentle, kinda ghetto  
Don't want a man that be softer then that jell-o  
Don't want no puppet 'cause my name ain't gappetto  
Wanna win then treat me special If you act nice you get it  
If you act right you can get it  
If you want my love better win it  
If you want my love better win it  
If you all lies then forget it  
If you uptight then forget it  
If you want my love better win it  
If you want my love better win it  
Wait a minute, wait a minute Slow down, ain't zoomin' zoomin'

Slow down, ain't no zoomin' zoomin'  
Slow down, ain't no zoomin' zoomin'  
Slow down, ain't no zoomin' no zoom  
HeyYo, ain't no speeding, ain't no zoom, zoom  
You can take me on a date under the moon, moon  
If we gon kiss, it's gon be later never soon, soon  
You can get a ukulele play my tune, tune  
Play a sad song  
You think I'm easy huh?  
And now you're mad huh?  
You think I'm teasing huh?  
But I ain't teasing, you know I told you right from the start  
If you want my love you better win my heartIf you act nice you get it  
If you act right you can get it  
If you want my love better win it  
If you want my love better win it  
If this all lies then forget it  
If you uptight then forget it  
If you want my love better win it  
If you want my love better win it  
Wait a minute, wait a minute, wait a minute
