

# I'll Find a Way to Make It What You Want

## Taking Back Sunday

I guess this is as good a time as any  
Threatening to kick me out the house  
Like waiting on a heart attack  
I hate it 'cause I can't hit back  
Find a way to make it what you want  
I'll find a way to make it what you want I'll wait until you're good and sure and ready  
Not even going to try and change your mind  
Like waiting on a heart attack  
I hate it 'cause I can't hit back  
Like waiting on a heart attack  
I hate it 'cause I can't hit back  
Give me time and give me strength  
Give me all that you can take  
Give me time and give me soul  
Exercise your self control  
Take of me what you think you need  
Unannounced and suddenly  
Make it seem you're making way  
Give me more than I can take Give me time and give me strength  
Give me more than you can take  
Give me time and give me soul  
Exercise your self control  
Take of me what you think you need  
Unannounced and suddenly  
Make it seem you're making way  
Give me more than I can take  
Make it clean and make it so  
Exercise your self control
