

What I Want

She Wants Revenge

One of these days, girl, you're gonna wake up
And I won't be there to break your fall or brush you off
When you come back down, no, I won't Would it kill you to show a little soft side?
It's so attractive and sensual, it gets me off
Isn't that what you want, to get me off? What will you do lover when your looks fade?
And you cant use them to get your way and what you want
Will you be so proud? No, you won't Little girl so lost, your game is so tight
Let you believe it yourself and that's just not right
Don't promise anything you can't deliver to me One of these days girl, you're gonna clean house
Will you be able to sleep at night with what you find?
Will it matter at all? Tell me now Would you sell your soul to live your dreams out?
Or would you hang on to your beliefs? Thats all you got
Would you just breakdown or hold your ground? What would it be like if all the talk stopped?
No one cared what you did anymore, who would you be?
Would you even know? Probably not Little girl so lost, your game is so tight
Let you believe it yourself and that's just not right
Don't promise anything you can't deliver to me Little girl so lost, youre gonna burn out
I hope it's not too late for you to learn how
To be a woman cause in the end that's all I want Little girl so lost, your game is so tight
Let you believe it yourself and that's just not right
Don't promise anything you can't deliver to me Little girl so lost, youre gonna burn out
I hope it's not too late for you to learn how
To be a woman cause in the end that's all I want
