

# Good Guys (don't wear white)

## Minor Threat

[POOR MEMORY--SORRY]

i'm a bored boy born in the road  
some say my manners ain't the best  
some of my friends they've been in a whole lot of trouble  
some say i'm no better than the rest  
but tell your mama and your papa  
sometimes good guys don't wear white  
everyday i work hard  
at night i spend a restless [?] time  
with all those rich kids and their lazy money  
you can't hold a candle too long [?]  
but tell...  
sometimes...  
good guys bad guys which is which?  
the white collar worker or digger in the ditch  
man who's to say who's the better man  
of those two i do the best i can  
you thought i had a dirty mind  
all the messed up chicks all the changing times  
white filth and easy living  
you can't come close to the love that i've given  
but tell..  
sometimes...
