

Dirty Dog

Switchblade Symphony

Keep a line for you
Keep a line for you Get it off, waterfall
Wash it off of me
What do you think, little man
You could do to me? And I'm feeling like I'm moving
I am flying, tonight
I am sliding, I am gliding,
And I'm feeling all right Won't she wise up,
Stop going out and in?
Won't she wise up,
Stop going out and in? Keep a line for you
Keep a line for you What a way
A little fly
Can land on everything
Dirty ways,
Sick and small
He is the insect king And I'm feeling like I'm moving
I am flying, tonight
I am sliding, I am gliding
And I'm feeling all right Won't she wise up,
Stop going out and in?
Won't she wise up,
Stop going out and in? Won't she wise up,
Stop going out and in?
Won't she wise up,
Stop going out and in?
