Five Long Years

Colin James

Well, I see ya
Holdin' hands with your lover
And you're makin' plans with each other
It fits real good on youWell, don't worry
I didn't come to make things strange
'Cause there's a reason that things change
There's nothin' we can doAnd it's been five long years
Since I've seen your lovely eyes
Your girls have grown
She sees right through my thin disguiseYou know I still love you
You knew I'd never change
And it's been five long years and I love you
Just the sameWhen you see me
Do you remember the times when we traveled
South of the borderline?
When love was young, time was on our sideWe danced in the Rio Grande
And we listened to all the Mexican bands
Singin' songs of love
When our hearts were young, yeahAnd it's been five long years
Since I've seen your lovely eyes
The girls have grown
She sees right through my thin disguiseYou know I still love you
You knew I'd never change
And it's been five long years and I love you
Just the sameOh, yeah
Five long years
Five long yearsFive long years
Since I've seen your lovely eyes
Things have changed
You see right through my thin disguiseShe sees right through me, yeahYou know I still love you
You knew I'd never change
And it's been five long years and I love you
Just the sameAnd it's been five long years and I love you
Just the same
And it's been five long years and I love you
Just the sameYes baby, oh yeah
Five long years
Five long years
