

Faster Than The Speed Of Night

Bonnie Tyler

I don't want to let
Another minute get by
They're slipping through our fingers
But we're ready to fly
The night'll be our cover
And we'll huddle below
We got the music
In our bodies and the radio
And when the morning arrives
It'll all be gone
Disappearing to
The crack of dawn
We better make our move now
Before the sun is awake
It's time to put up or shut up
Or to pick up the pace
And I don't want to let
Another minute get by
Love is going to get us
While the moon is in the sky
We're running out of night
But never running out of steam
We're acting on a hunch
But we'll be acting out a dream
There really isn't
Any time to lose
They're going to catch us
If we wait until it gets too light
You're such a pretty boy
Let me show you what to do
And you'll do it
But you gotta move faster
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
It's all we ever wanted
And all we'll ever need
And now it's slipping through our fingers
Faster than the speed of night

Faster than the speed of night
Faster than the speed of night
It's all we ever wanted
And all we'll ever need
And it's slipping through our fingers
Faster than the speed of
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
Let me show you
How to drive me crazy
Let me show you
How to make me feel so good
Let me show you
How to take me to the edge
Of the stars and back again
You've gotta show me
How to drive you crazy
You've gotta show me
All the things you want
To happen to you
We've gotta tell
Each other everything
We always wanted
Someone to do
I don't want to push you now
And I don't want to rush
We're getting closer every second now
But close is not enough
The night'll be our cover
And we'll huddle below
We got the music in our fingers
And the radio
There really isn't
Any time to lose
We're going to lose it
If we wait until it gets too light
You're such a pretty boy
Let me show you what to do
And you'll do it
But you gotta move faster
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night

It's all we ever wanted
And all we'll ever need
And it's slipping through our fingers
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
It's all we ever wanted
And all we'll ever need
And it's slipping through our fingers
Faster than the speed of
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
Faster than the speed of night
(I don't want to let)
(Another minute get by)
Faster than the speed of night
(Slipping through our fingers)
(And we're ready to fly)
Faster than the speed of night
(I don't want to let)
(Another minute get by)
Faster than the speed of night
(Love is going to get us)
(While the moon is in the sky)
Faster than the speed of night
(I don't want to let)
(Another minute get by)
Faster than the speed of night
(Slipping through our fingers)
(And we're ready to fly)
Faster than the speed of night
(I don't want to let)
(Another minute get by)
Faster than the speed of night
(Love is going to get us)
(While the moon is in the sky)
Faster than the speed of night
(I don't want to let)
(Another minute get by)
Faster than the speed of night
