

Sidekick

Jennifer Rush

Ooh, she don't love you, boy, don't love you, boy Who's that playing with the dead end boys?

Cool black leather looking for her toys

Snaking on by making all that noise

Who's your sidekick, mmm

Who's your sidekick, tell me Who's she walking like a fire queen?

Builds you up into a head of steam

Betcha she thinks she's got the best of me

Who's your sidekick, hey Ain't you walking on a high wire?

Ain't you playing with a live wire?

When she goes I'll be there when you fall

There when you fall

There when you call

There when she stalls

I'll be there when you call

There when you fall

Don't let that one fool you Ooh, she don't love you, boy, don't love you, boy She's just a temporary flash and trash

I got something here you know will last

Dontcha make me crazy

Dontcha make me ask

Who's your sidekick, tell me When she tells you she's your one fire

I can tell you she's a stone liar

When she goes I'll be there when you fall

There when you fall

There when you call

There when she stalls

I'll be there when you call

There when you fall

Don't let that one fool you

Don't let that one fool you You know that you love me, baby

You know that you love me always, ah

You know that I love you, baby

Dontcha, ah Ain't you walking on a high wire?

Ain't you playing with a live wire?

When she goes I'll be there when you fall

There when you call

There when you fall

There when she stalls

I'll be there when you call

There when you fall
Don't let that one fool you I'll be there when you call
There when you call
There when you fall
There when she stalls
I'll be there when you call
There when you fall I will be there whenever you call
Whenever you call me
I will be there whenever you fall
Ooh, yeah, yeah
I'll be there when you fall
There when you fall
