

# Heartbreak Warfare

## Retrosense

Lightning strikes  
Inside, my chest to keep me up at night  
    Dream of ways  
To make you understand my pain  
    Clouds of sulfur in the air  
    Bombs are falling everywhere  
        It's heartbreak warfare  
        Once you want it to begin  
        No one really ever wins  
        In heartbreak warfare  
        If you want more love  
        Why don't you say so?  
        If you want more love  
        Why don't you say so?  
    Drop his name  
Push it in and twist the knife again  
    Watch my face  
As I pretend to feel no pain  
    Clouds of sulfur in the air  
    Bombs are falling everywhere  
        It's heartbreak warfare  
        Once you want it to begin  
        No one really ever wins  
        In heartbreak warfare
